AVERAGE" HOURS PER FIREFIGHTER IN THE YEAR 2021	107
---	-----

* Included in Hazmat figures are any calls for gas leaks or any calls for cleaning the road after an accident.

+ Included in False Alarms figures are smoke scares and any calls that were cancelled.

** Response time is from the time of page until arrival on the fire scene. This time takes in the average of all city and county runs averaging from 1-30 miles
